Our Artisan Range offers heritage patented finishes to suit a range of decor. Suitable for all, from the home, commercial premises to stately homes, these finishes blend with all style & period features creating an authentically aged look. Finishes are available on the majority of our brass items shown in this catalogue.

#### PROTECTIVE COATINGS

A wax formula is applied to products within the Artisan Range which in time and usage will allow the original colour of the product to slowly age, giving each piece it's own natural uniqueness. However, periodic wiping with fine light beeswax on a soft cloth will further help to preserve the look of the product.

\* \* ALL PRODUCTS ARE FOR INTERNAL USE ONLY \* \*

**PLEASE NOTE: TO ENABLE US TO SUPPLY THE CORRECT FINISH** ALL PART NUMBERS MUST BE SUFFIXED WITH THE FINISH CODE

Our Artisan Range offers heritage patented finishes to suit a range of decor. Suitable for all, from the home, commercial premises to stately homes, these finishes blend with all style & period features creating an authentically aged look. Finishes are available on the majority of our brass items shown in this catalogue.

A wax formula is applied to products within the Artisan Range which in time and usage will allow the original colour of the product to slowly age, giving each piece it's own natural uniqueness. However, periodic wiping with fine light beeswax on a soft cloth will further help to preserve the look of the product.
